

90-3K-Resistance tester

Resistance measuring module 90-3K

- Resistance measurement 200mOhm- 2MOhm
- Analogue output 0 - 10 V

Display / Operation

- digital display 3 1/2 -digit

Equipment features

- 8 test voltages from 200mOhm - 2MOhm

Interfaces

- digital-/ analog interface
- Analog output

Equipment data

- Mains voltage: 0 - 230 +10% -5% (49 .. 61 Hz)
- Safety class: I

90-3K-Resistance tester

- Slide in technique: 36
- Height : 3 HU

Order data

- Order description: Resistance tester 90-3K
- Order number: 90-3K.3
